

BEAM CLAMPS

PRODUCT BENEFITS

Product benefits of approved beam clamps:

- » Enable use in certified fixed sprinkler systems
- » Load values assured by independent approval bodies
- » Set screw with cup point end to prevent sideways slipping off the I-Beam
- » In case of beam clamps with plain hole a simple height adjustment can also be undertaken after assembling
- » Pre-assembly with threaded rod and lock nut possible

Further product benefits of BTS beam clamps:

- » Malleable cast iron body, made in Germany
- » Prior to processing, inspection of all cast parts for visible bubbles
- » Set screws and lock nuts of all beam clamps can be tightened using just one and the same spanner
- » Type TK and TKN are approved for both pull direction against the set screw mounting and pull direction against lower jaw
- » Additional UL certificate for type TK and TKN for use in electrical installations
- » Elevated marking to prevent twisting of the beam clamps during tightening of the set screw (internationally registered design DM/0081 575)
- » Complete warehouse programme for threaded rods from M6 to M16
- » Clamping range from 18-45 mm available in stock
- » Zinc-plated, zinc flake coating and hot-dip galvanised as standard

On request:

- » 3.1 Certification of German origin for cast
- » With cone point set screw
- » Beam clamps with inch thread
- » Special finishes and special packaging

Also available in A4 (see separate product sheet)
